DETAILED ACTION - ALLOWANCE

Claims 1-25 are allowed in light of amendments/arguments filed by applicant on July 5, 2005 and on July 14, 2005. All claims thus being allowable, prosecution on the merits is closed in this application. A statement of the examiner's reasons for allowance is provided below.

Reasons for Allowance

The instant application is deemed to be directed to a nonobvious improvement over the inventions of Spitzer (U.S. Patent No. 5,886,822); Mizoguchi et al./Sony Corp. (EP 0 592 318A), and others disclosed by applicant as being representative examples in the art to which the instant invention pertains. More specifically, the improvement provides a head-mounted optical visualization system including, *inter alia*, an image source, an optical system presenting a virtual image of the source to a user through a pair of optical end elements disposed in front of the user's eyes, and a novel adjusting device for variably changing the position of the optical end element substantially over the extant viewing field of the user, as recited in each of the instant independent claims (Claim 1, Lines 13-16; Claim 5, Lines 13-16; Claim 9, Lines 13-15; Claim 17, Lines 13-15; Claim 19, Lines 13-15; Claim 20 Lines 13-16; Claim 21 Lines 13-16). The prior art taken either singly or in combination fails to anticipate or fairly suggest the present limitations of applicant's independent claims, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The claimed invention is therefore considered to be in condition for allowance as being novel and nonobvious over prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Foreign Priority Document

Acknowledgment is made of applicant's claim for foreign priority based on an application filed in The Federal Republic of Germany on July 6, 2001. It is noted, however, that applicant has not filed a certified copy of the DE 101 32 872.9 application as required by 35 U.S.C. 119(b).
